

BENEFITS

The Charlton College of Business students can earn 3 credits by participating in an approved internship.

CCB students have developed skills and abilities and have acquired valuable knowledge while working for a variety of companies and non-profit agencies. Internships can be approved in all business areas including accounting, budgeting, MIS, customer service, marketing and sales, operations management, banking, investing and insurance, personal financial planning, and human resource management.

To see current internship opportunities or to read about tips and advice, visit www.businessinternships.blogspot.com

Read the Policies and Procedures for Internships. You may review these at www.umassd.edu/charlton/internship-coop/policyandprocedure.pdf

HOW CAN IT HELP ME?

Through an internship, you will be better prepared for employment and graduate school. Employers are looking for students with real world experience and many intern employers use internships as a means to recruit future managers.
