I. POLICY

It is the policy of the University of Massachusetts Dartmouth that any threat, or act of violent behavior meant to harass or intimidate any community member shall be reported to a supervisor and referral made to appropriate university department(s) for further action.

All University of Massachusetts Dartmouth personnel are responsible for notifying the management or representative designated below of any threats which they have witnessed, received, or has been told that another person has witnessed or received. Even without an actual threat, personnel should also report any behavior they have witnessed which they regard as threatening or violent, when that behavior is job related or might be carried out on a University-controlled site, or is connected to University employment. Employees are responsible for making this report, regardless of the relationship between the individual who initiated the threat or threatening behavior and the person and persons who were threatened or were the focus of the threatening behavior.

This policy also requires all individuals who apply for or obtain a protective or restraining order which lists University locations as being protected areas, to provide to the designated management representative a copy of the petition and declarations used to seek the order, a copy of any temporary protective or restraining order which is granted, and a copy of any protective or restraining order which is made permanent.

Any person who makes substantial threats, exhibits threatening behavior, or engages in violent acts on the University of Massachusetts Dartmouth property will be removed from the premises as quickly as safety permits, and shall remain off the University of Massachusetts Dartmouth premises pending the outcome of an investigation. The University of Massachusetts Dartmouth will initiate a decisive and appropriate response. This response may include, but is not limited to, suspension and/or termination of any business relationship, reassignment of job duties, suspension or termination of employment, and/or criminal prosecution of the person or persons involved.
