You must report any scholarships, loans, tuition remission/waiver, or other educational assistance you will receive to be counted as estimated financial aid resources

What is the Cost of Attendance/Estimated Financial Aid Budget?
Your Cost of Attendance (COA) Budget is an estimate of educational expenses for the period of enrollment including tuition and fees, books and supplies, room and board, personal and transportation costs. Expenses are not calculated based on personal life choices.

You can view your COA via your COIN account – Student Center Services > View Financial Aid > select current award year > Financial Aid Summary > click on the numerical value of the (COA) Estimated Financial Aid Budget.

You can check on the status of required documents by logging onto the UMass COIN system at www.umassd.edu/coin.
How will I be notified of my eligibility?
UMass Law Financial Aid Services will send an award letter or email.

There are various departments and third party organizations that are involved in the processing and management of your financial aid. You will receive notifications from each, independently, informing you of processing status, document submittals and other requirements. You should respond to each, individually, based on their request.

Can I cancel or reduce all or part of my financial aid?
Yes. You may cancel/reduce your financial aid award, prior to disbursement, via your Student Services page in your COIN account or, otherwise, in writing to Law School Financial Aid Services at law-financialaid@umassd.edu.

Can I put my educational loans in an In-School Deferment?
Federal student loans will be placed in an in-school deferment upon meeting the criteria for eligibility.

Private loans may be placed in an in-school deferment based on the eligibility requirements of your lender. Contact your private loan lender for details.

When will my loans be disbursed and when will I get my refund?
Federal financial aid funds do NOT disburse to student accounts until completion of semester enrollment stabilization. Stabilization is a 2-3 day period, after Add/Drop ends, that allows for updates in students’ registrations.

After charges are paid any credit balance on your account will generate a deposit to your bank account, if you have enrolled in direct deposit, or a refund check. Refunds are processed for release 8 days from the date of disbursement and checks are available for pick-up in the Law Enrollment Center (LEC). You will receive an email notify informing you of the refund and your check pick-up date.
Does my eligibility change if I have changes to my enrollment?
Yes. There are a few conditions that can affect your financial aid eligibility.

- **Enrollment level**
  If you change your program plan – full to part-time, or vice versa, or you adjust the number of credits that you take as a part-time student – charge per credit.

- **Residency**
  If you change your residency status - In-State, Out-of-State, or Regional.

- **Leave of Absence (LOA)/Withdrawal (WD)/Academic Dismissal (AD)**
  1. If you take an LOA/ WD before the end of Add/Drop period, no aid is assessed for the term/s in question.
  2. If you take a LOA or WD after Add/Drop period, a calculation is performed to assess how much aid you are eligible to receive for the period of time you were in attendance – result is a decrease in eligibility unless attendance is over 60% for the term.
  3. If you WD from a course and receive a ‘W’ grade, are registered for at least half-time (6cr.), AND financial aid has already been credited to your account, financial aid for that semester will not change.
  4. If you are awaiting a decision from the Academic Standards Committee regarding an Academic Dismissal during an active term, financial aid is put on hold. If the decision leads to a dismissal, no charges for the term are incurred and no financial aid is assessed.

How is unearned aid adjusted?

**Return of Title IV Aid**
For students receiving Title IV funding (Federal Direct Loans), the law school applies the Return of Title IV Aid policy in compliance with the Higher Education Amendments of 1998.

Withdrawn students with federal loans will be subject to both the Return of Title IV Aid and the University Of Massachusetts School Of Law - Dartmouth Refund Policy.

According to federal regulation, students receiving Federal Direct Loans that withdraw from or stop attending classes on or before completing 60% of the semester, calculated in calendar days, are required to return all or a portion of the federal funds awarded.

Refunds made under the Return of Title IV Aid policy will be paid, first, to the Unsubsidized and Subsidized Direct Loan Programs and then to the Graduate Plus Loan Program.

Additional information about the Return of Title IV Aid policy as well as examples of its application, are available in the Financial Aid Services Office.
