Section 5
Chapter Sixty-Three is hereby amended by adding the following:
Definitions –
(1) “Commissioner” means the Commissioner of the Department of Revenue as described in Section 2 of Chapter 14
(2) “Department of Revenue” means the Massachusetts Department of Revenue as described in Section 1 of Chapter 14
(3) “Full-time employee” means, for the purposes of this Section only, an individual who is employed for consideration for at least an average of thirty-five hours a week, who renders any other standard of service generally accepted by custom or specified by contract as full-time employment, or who is employed for consideration for such time or renders such service but is on family or medical leave under the federal Family and Medical Leave Act of 1993, Pub. L. No. 103-3, 107 Stat. 6, as amended, or on active military duty reserve or Massachusetts national guard service.
(4) “New employee” means, for the purposes of this Section only, a full-time employee first employed by a taxpayer in the project that is the subject of the agreement after the taxpayer enters into a tax credit agreement with the tax credit authority under this section

The Department of Revenue shall have the authority to provide a credit for a corporation against its corporate income tax to foster job creation in Gateway Cities in the commonwealth as defined in Chapter 23A of these laws. The credit shall be claimed for the taxable years or tax periods specified in the taxpayer’s agreement with the Department of Revenue. The amount of the credit available for a taxable year cannot exceed either $2500 per new employee or ten percent (10%) of that corporation’s state income tax

A taxpayer or potential taxpayer who proposes a project to create new jobs in the commonwealth may apply to the Department of Revenue to enter into an agreement for a tax credit under this section. The Commissioner of the Department of Revenue shall prescribe the form of the application. After receipt of an application, the Department may enter into an agreement with the taxpayer for a credit under this section if it determines all of the following:

(1) The taxpayer’s project will create new jobs in this state;
(2) The taxpayer’s project is economically sound and will benefit the people of this state by increasing opportunities for employment and strengthening the economy of this state; and

(3) Receiving the tax credit is a major factor in the taxpayer’s decision to go forward with the project.

An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement;

(2) The term of the tax credit, which shall not exceed ten years, and the first taxable year, or first calendar year that includes a tax period, for which the credit may be claimed;

(3) A requirement that the taxpayer shall maintain operations at the project location for at least twice the number of years as the term of the tax credit;

(4) A letter of support from the Mayor or Town Manager of the Gateway City in which the jobs will be created;

(5) A specific method for determining how many new employees are employed during a taxable year or during a calendar year that includes a tax period;

(6) A requirement that the taxpayer annually shall report to the Commissioner of the Department of Revenue the number of new employees, the new income tax revenue withheld in connection with the new employees, and any other information the Commissioner may need; and

(7) A provision requiring that the taxpayer shall not relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement;

If a taxpayer fails to meet or comply with any condition or requirement set forth in a tax credit agreement, the Department of Revenue may amend the agreement to reduce the percentage or term of the tax credit. The reduction of the percentage or term may take effect in the immediate taxable year in which the Commissioner of Revenue notifies the taxpayer in writing of such failure. If the taxpayer fails to annually report any of the information required by this section within the time required by the Commissioner, the reduction of the percentage or term shall take effect in the current taxable year.

Projects that consist solely of point-of-final-purchase retail facilities, as defined by the Department of Revenue, are not eligible for a tax credit under this section. If a project consists of both point-of-final-purchase retail facilities and nonretail facilities, only the portion of the project consisting of the nonretail facilities is eligible for a tax credit and only the new income tax revenue from new employees of the nonretail facilities shall be considered when computing the amount of the tax credit. If a warehouse facility is part of a point-of-final-purchase retail facility and supplies only that facility, the warehouse facility is not eligible for a tax credit. Catalog distribution centers are not considered point-of-
final-purchase retail facilities for the purposes of this division, and are eligible for
tax credits under this section.

Financial statements and other information submitted to the Department
of Revenue by an applicant or recipient of a tax credit under this section, and any
information taken for any purpose from such statements or information, are not
public records subject to Massachusetts General Laws. However, the
Commissioner of Revenue may make use of the statements and other information
for purposes of issuing public reports or in connection with court proceedings
concerning tax credit agreements under this section. The Commissioner shall
preserve the confidentiality of the statement or information.
