Connect Zimbra to the iPad

Tap settings > Mail, Contacts, Calendars > Add Account & Tap Microsoft Exchange

You will now need to fill in the UMass Dartmouth Zimbra account information as shown above on the left. Please leave the domain blank. If you are prompted to authenticate please press Accept.

For server enter zimbra.umassd.edu and click Save or Done to complete the configuration.

You will then be asked to choose what to sync and for how many days.

* Pending future updates these instruction may change. These were created on firmware ver 3.2.
