

**University of Massachusetts Dartmouth
Office of the Provost**

Application for Provost's Publication Subvention Grant

The University is committed to assisting faculty and librarians with the costs of publication of their scholarly and creative work. Here, 'publication' means presentation of one's research or creative work in national and international peer-reviewed academic publications or juried gallery/museum exhibition formats. The amount of the publication subvention grant is limited to \$1,000 each Academic Year (September 1 – August 31). Final publication costs are broadly defined and might include: copyright permissions, travel to obtain final research materials required by reviewers, research assistant, transcription costs, cost of transportation for exhibition. Other costs will be considered. Confirmation in the form of an official acceptance of a project for publication or exhibition is required. **The application and publication confirmation must be reviewed by the Dean of your college prior to submission to the Provost's office. Once approved by the Dean, the application should be forwarded to the Provost's office for review. The Provost will review all applications and applicants will be notified in a timely fashion whether they have been awarded a grant.**
