

### UMassD Alumni Mentor Program – Mentorship Agreement

The UMassD Alumni Mentor Program enables alumni and students to form meaningful connections. These connections help prepare students for a successful future and leave a lasting impact on our campus community. Alumni mentors can provide students with guidance, career advice and personal development throughout the semester. We encourage mentors and students to connect on a regular basis (at minimum once a month phone call, video meeting, or email conversation). However, the frequency and form of communication are up to each pair. Program resources include a mentor/student spotlights and a premium group on the Corsair Network to share discussion topics and best practices.

We both commit to the mission and guidelines of the UMassD Alumni Mentor Program and look forward to building a successful mentorship.

\*Keep this agreement for your records. Refer back to it throughout the mentorship. Mid-way through the program, we will ask you to revisit the agreement to reevaluate the goals and objectives you've both set for this mentorship.
