

Make a Donation

As explained in complete detail in the WAVES Aims and Objectives page, the organization's purpose is to promote Vedic and ancient Indian studies in all its forms. If you are not interested in a regular or life-time Membership, you can still promote Vedic studies by sending us a donation. Your financial details are never stored in our records, and this would be a one-time donation.

If you prefer to do a donation by mail, please send it to our Treasurer.

We sincerely appreciate all donations, regardless of the amount!
