Computer Science Curriculum Flowchart (120 credits)

Note: Any CIS core course or technical elective must be passed with a grade of C or better in order to satisfy the requirement. There are two exceptions to this requirement, CIS 381 and CIS 362.

*One of your courses used to meet the Laboratory Science or CIS Science Elective requirement must also be an approved US 2A course.

Students pursuing the Game Design concentration should plan to take PHY 113 to meet either the lab science or science elective requirement as PHY 113 is required for the Game Design concentration.

**Students with a declared CIS Concentration should refer to the catalog or degree tracking sheet to see the list of approved Technical Elective courses for each concentration.
