## Minor in Mechanical Engineering Tracking Sheet

| <b>Required Core Courses</b>   |  |         |       |
|--|--|---------|-------|
| <i>Course</i>  | Course Title   | Credits | Grade |
| EGR 241  | Eng. Mechanics I: Statics (prereq: C- or better in PHY 111; MTH 154) | 3       |       |
| EGR 242  | Eng. Mechanics II: Dynamics  | 3       |       |
| MNE 252  | Mechanics of Materials   | 4       |       |
| <b>Elective Courses – 10 or more credits</b>   |  |         |       |
| At least 9 credits must be taken at the 300/400 level and should be chosen in consultation with faculty advisor. Areas of focus include controls, design, manufacturing, or thermal science. |  |         |       |
| MNE  |  |         |       |
| MNE  |  |         |       |
| MNE  |  |         |       |
| MNE  |  |         |       |
| <b>Notes:</b>  |  |         |       |
| Admission to the minor: Minimum cumulative GPA of 2.000.   |  |         |       |
| Completion of the minor: Minimum GPA of 2.000 in all courses meeting the minor requirements.   |  |         |       |
| CEN majors can use CEN 202 and CEN 212 to meet the MNE 252 requirement. Students from other majors should complete MNE 252.  |  |         |       |
