COLLEGE OF VISUAL
AND PERFORMING ARTS
AT UMASS DARTMOUTH

JULY 28-AUGUST 3, 2024

The College of Visual and Performing Arts at UMass Dartmouth presents our annual Summer Arts LAB.

This interdisciplinary program offers students the opportunity to explore aspects of art and design, and how it engages the body, space, and community.

LAB participants will respond to challenging prompts and community discussions resulting in the creation of multi-disciplinary and/or collaborative work. Sessions will be guided by practicing artists and designers. The introduction of Social Practice will be an essential element of this immersive LAB experience.

Event culminates in an exhibition of works created during the intensive.

CONCENTRATION AREAS

Fashion Design, Studio Art, Interior Architecture
+Design, 3D, Animation+Game Arts

Offering an art school experience within a four-year, national tier 1 research university setting, CVPA at UMass Dartmouth offers 14 concentrations in Art and Design, Art History, Art Education, and Music. CVPA courses are taught on two campuses: Paul Rudolph's distinctive architecture of the main campus in Dartmouth, and the Art and Design Studios.
