Federal regulations require that financial aid applicants meet Satisfactory Academic Progress (SAP). Please refer to the SAP policy at umassd.edu/financialaid/maintaining-aid/satisfactory-academic-progress/. The Financial Aid Office evaluates SAP annually at the end of each spring semester. Financial aid applicants not meeting SAP standards are ineligible for federal, state, and university financial aid programs (grants/scholarships, loans and work study) including parent loans. In order to be eligible for financial aid, you must satisfy all SAP components specified in the SAP policy:

At the end of the 2022-2023 academic year, your degree progress was as follows:

- Attempted credits:
- Earned credits:
- Completion rate:
- Cumulative GPA:

Students who are not meeting SAP have the right to appeal. Here are the instructions for completing the SAP Appeal Process.

1. Go to your To-Do List on COIN and click on the SAP item. There will be an **Upload/Complete Requirement Here** link directing you to a secure document portal.
2. Complete the Appeal detailing the circumstances for not meeting SAP. You are **required** to explain why you did not meet SAP and what you will do differently to ensure, moving forward, you meet SAP standards.
3. Complete the attached Academic Plan with your Academic Advisor. Once it is signed by you and your Advisor, it must be uploaded with the **Upload/Complete Requirement Here** link.

The academic plan must be completed with the Academic Advisor or a designee of your college or the Academic Advising Center.
