Per the Department of Education policy, students planning to enroll in a Gainful Employment (GE) Program must be presented with the GE Disclosure template. The GE Disclosure template provides students with program-specific information in the areas of cost, financing, and success.

GE Programs are defined as educational programs that leads to a degree that must prepare students for "gainful employment in a recognized occupation." Before you are eligible to register and receive Title IV funds (which include Pell and Direct Student Loans) this acknowledgement must be completed.

By signing, you (the student) certifies that:

- You have been made aware that the current Academic Program you have declared as your area of study is a Gainful Employment Program.

- UMass Dartmouth has provided you with the GE Disclosure Template by hand, via email, or by providing a direct link where you can retrieve the Template.
- Should you ever need to re-visit the GE Disclosure Template for your program, you have been guided as to how to find it on the Umass Dartmouth website.
