

Reasonable Accommodations Form

This form should be completed by a qualified provider. This information will be used to determine eligibility for reasonable accommodations while attending University of Massachusetts Dartmouth. In order to qualify for accommodations under the Americans with Disabilities Act, the documentation must establish a specific disability that substantially limits one or more major life activities. A diagnosis of a disorder in and of itself does not automatically qualify an individual for accommodations. The documentation must support the request for accommodations and academic adjustments. Please complete all sections of this form thoroughly. Please attach additional information to this form as needed.

The Accessibility Committee is responsible for reviewing forms submitted for academic, housing, dining, parking, emotional support animal, and other accommodations for students with diagnosed disability and accessibility needs. Please complete the following.

I give permission for a qualified provider to disclose and verify medical, disability, and accessibility information with employees of UMass Dartmouth.

This form is for documenting a student’s disability in order to determine eligibility for services and resources. This form does not guarantee the approval of the requested accommodation. Before accommodations can be granted, all supporting documentation from a qualified provider must be on file with the Office of Student Accessibility Services.

For academic accommodations, a previous IEP or 504 Plan can be submitted as documentation for review.
