

SPRING 2017 CAP AND GOWN SURVEY AY 2016-2017 undergraduate & graduate degree earners

Key Findings:

- When surveyed just prior to spring 2017 commencement, about 44% of both undergraduate degree earners (43.5%) and graduate degree earners (48.5%) had secured a job for after graduation.
- The full-time employment rate leading up to graduation was 34.9% for undergraduate degree earners and 45.9% for graduate degree earners.*
- 11.9% of undergraduate degree earners and 2.5% of graduate degree earners reported that they had applied and been accepted to graduate or professional school.

THE SURVEY

During April and May 2017, undergraduate and graduate students, who were completing their degrees during the 2016-2017 academic year (AY), participated in a survey about their employment and educational plans following graduation (note: Law students were excluded because the Law School has specific standards for collecting these data). Graduating students were asked to participate in the online survey at computer kiosks at the campus bookstore during cap and gown pick up for graduation. Students were also able to complete the survey online either in the week prior to or in the two weeks following cap and gown pickup. Overall, 917 confirmed undergraduate degree earners responded to the survey (an approximate 64.2% response rate) and 202 confirmed graduate degree earners responded to the survey (an approximate 41.2% response rate). This brief details the principal findings from the survey (note: responses are based on the number of degree earners responding to the relevant survey items).

EMPLOYMENT OUTCOMES: UNDERGRADUATE DEGREE EARNERS

- While 86.8% of AY 2017 undergraduate degree earners anticipated employment to be a main activity following graduation, 43.5% reported that they had secured a job for after graduation. The majority of those with jobs indicated their job was...
