Enrollment and Admissions Data Book: Spring 2008

General Notes

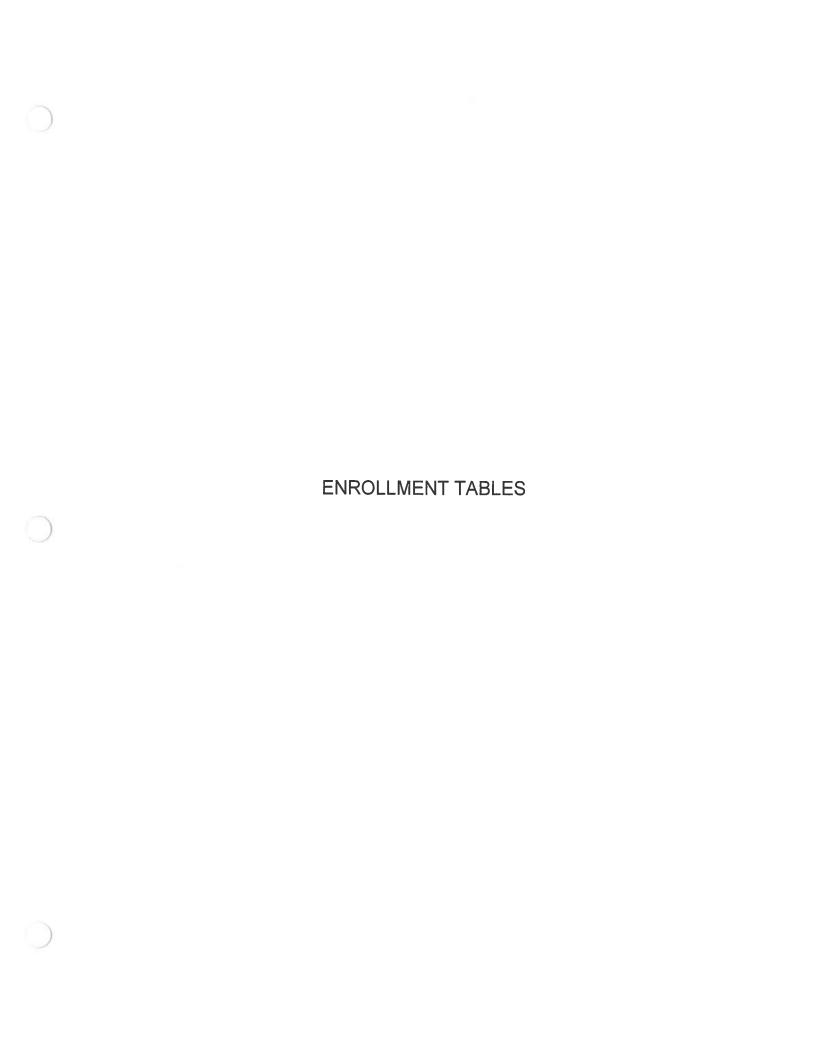

- The Spring 2008 data are based on the UMass Dartmouth computer database census files. The
 Office of Institutional Research then extracts these files and uses them for standard internal and
 external reporting purposes.
- The enrollment data count current students registered for more than zero courses.
- The PCE enrollment data are for credit courses only. PCE has additional students who are taking non-credit courses shown on a separate table.

Definitions

- SCH represents Student Credit Hours attempted for the semester.
- FTE represents Full-Time Equivalency, which is calculated from student credit hours (SCH); for undergraduates 15 SCHs are equal to 1 FTE and for graduates 9 SCHs are equal to 1 FTE. An undergraduate registered for one 3-credit course has 3 SCHs, which is equivalent to 0.2 FTE, and a graduate registered for 3 SCHs is equivalent to 0.33 FTE.
- Full-Time/Part-Time status is calculated on credits attempted; full-time undergraduates are taking 12 or more credits and full-time graduates are taking 9 or more credits.
- Unduplicated Total removes double counting of students enrolled both in Day and PCE.
- Counting Majors compared to Counting Enrollment: counting of majors is now being done from the
 unduplicated datafile and gives the number of students in the whole university who are majoring in
 specific programs; Day and PCE enrollment counts by college give the number of students from a
 specific program who are currently enrolled in Day/PCE. These different perspectives explain the
 differences in numbers when looking at major counts as compared to enrollment counts.

Acknowledgments

- The Office of Institutional Research extends its appreciation to the offices that gather and input the
 data that becomes the basis of IR reports. For this data book, these offices include the Admissions,
 Registrar's, and PCE Offices.
- Kirk Hellmuth, Staff Associate for Office of Institutional Research contributed to producing this data book.

HC = Headcount

FTE = Full-Time Equivalency

University Total HC is unduplicated.

Graduate Day FTEs include students enrolled for Thesis/project completion, counted as if 3 credit course.

Enr Table 2 Spring 2008

Non-Degree Grads	83	71	-	154
Induplicated Total	532	7,825	120	8,477

New other Freshmen, Sophomores, Juniors, or Seniors are incoming Transfer students, with class levels determined by amount of transfer credit accepted.

Continuing Students counts include Study Abroad or Co-operative Education Work Session students.

The number for new students may not exactly match admission due to some Day admits took only PCE classes or PCE admits took only Day classes.

The Unduplicating process identifies students as Day or PCE by their current admission status.

Doctorate counts include BioMedical engineering/Biotechnology students in the following departments:2 Biology, 4 Chemistry,

1 Medical Lab Science,1 Electrical/Computer Engineering, 1 Computer Science, 2 Mechanical Engineering and 3 Textile Sciences.

Shown are counts of students in declared majors registered in Spring 2008.

Students with double majors are counted twice (count = 125). Non-degree-seeking and 1 Pre-Medical certificate students are not shown.
