Spring Enrollment and Admissions Data Book: Spring 1999

General Notes

- The Spring 1999 data are based on the UMass Dartmouth computer database census files; these files were "frozen" in time by the CITS Information Systems office. The Office of Institutional Research then extracts these files and uses them for standard internal and external reporting purposes.

- The enrollment data count current students registered for at least one course at more than zero credits who have not withdrawn from the university by census date.

- The DCE enrollment data are for credit courses only. DCE has additional students who are taking non-credit courses.

Definitions

- ˙SCH is an abbreviation for Student Credit Hours for the semester.

- FTE is an abbreviation for Full-Time-Equivalency, which is calculated from student credit hours (SCH). For undergraduates 15 SCHs is equal to 1 FTE and for graduates 9 SCHs is equal to 1 FTE, in a semester.

- Full-Time/Part-Time calculated on credits; Full-time undergraduates are registered for 12 or more credits; Full-time graduates are registered for 9 or more credits.

- Unduplicated Total removes double counting of students enrolled both in Day and DCE.

- Counting Majors compared to Counting Enrollment: counting of majors is now being done from the unduplicated datafile and gives the number of students in the whole university who are majoring in specific programs; Day and DCE enrollment counts by college give the number of students from a specific program who are currently enrolled in Day/DCE. These different perspectives explain the differences in numbers when looking at major counts as compared to enrollment counts.

HC = Headcount
FTE = Full-Time Equivalency
University Total HC is unduplicated.
Graduate Day FTEs include students enrolled for Thesis/project completion, counted as if 3 credit course.
Fall 1993 Undergraduate and graduate figures are estimated from class registration due to 353 special students classified under a single category.

"Course Enrollment" counts each registration in a class as "one" without regard to number of credits.

Excludes DCE enrollment.
*Adjusted average excludes individualized sections.
Individualized sections are determined as any section with 1, 2, or 3 students enrolled in it.
Adjustments made for special graduate programs.
