

**SERVICE-LEARNING FACULTY FELLOWS  
REQUEST FOR PROPOSAL**

The primary purpose of the UMassD Faculty Fellows program is to foster the integration of service-learning into our curriculum. Service-learning (SL) is a pedagogical method used in credit bearing courses that is designed with the dual mission of:

- a) Student attainment of discipline-specific knowledge through creatively designed active learning community-based projects and
- b) Community benefit through the thoughtful identification and completion of community-based service.

The SL Fellows program is designed to be a long-term commitment to the development of a community of teachers/scholars knowledgeable in service-learning pedagogies and community-based assets and needs. Fellows are expected to make a two-year commitment to the program.

Year 1 – (Fall/Spring) Service-learning Fellows are awarded a \$1,500 stipend. Fellows will be charged with developing and designing service-learning courses or, more likely, revising current courses to include service-learning methodologies. Fellows will also be expected to attend Faculty Fellows workshops and seminars. These seminars will take place the last Friday of each month from 12-1:30pm. Year 1 is used to plan your course and develop relationships with community-based organizations that will underlie successful student placements.

Year 2 – (Fall/ Spring) Second-year Fellows are awarded a \$1,500 stipend and \$1,000 for travel to service-learning conferences or purchase of books, videos, and supplies. Second-year Fellows are expected to teach their service-learning course(s) and then begin the process of publishing community-engaged scholarship. Second-year Fellows are also expected to mentor first-year Fellows as well as attend Faculty Fellows workshops and seminars. Year 2 is used for implementation and sharing of lessons learned with colleagues at UMassD (mentoring) and in the research community (publishing).

Both first- and second-year Faculty Fellows are expected to do the following:

- a) Be a resource for their College with respect to service-learning pedagogies;
- b) Maintain regular office hours designated for service-learning questions and discussions;
- c) Attempt to recruit other faculty to use service-learning in their classes;
- d) Attend all service-learning workshops and presentations;
- e) Submit a brief report at the end of the year; and
- f) Commit to teaching the service-learning course developed for the next 4 years.
