

ECONOMICS (ECO)
Concentration Sheet
(15 Credits)

Program Description: Economics is the science of decision-making. Students of economics learn to identify and analyze the costs and benefits of financial and social decisions, and receive a foundation in economic theory and applied fields that focus on international, national, and regional issues.

**Two (2) required courses
(6 credits)**

- ECO 231: Principles of Microeconomics
- ECO 232: Principals of Macroeconomics

**Three (3) additional ECO courses @ 300 or 400 level:
(9 credits)**

- ECO 3_____ ECO 4_____
- ECO 3_____ ECO 4_____
- ECO 3_____ ECO 4_____

*Note: ECO 231 and ECO 232 are pre-requisites for many 300 level courses, including ECO 301 and ECO 311. ECO 300 is highly recommended as a pre-requisite for ECO 301. In fact...42% of students who did not take 300 first failed 301. But...48% of students who successfully completed 300 first achieved an A! Check course listings and course catalogues before you advising appointment. Please track your required courses as you complete them.
