The University of Massachusetts Dartmouth – School for Marine Science and Technology (SMAST) is a scholarly community united by its engagement in the open exchange of ideas and the advancement of knowledge. Therefore, SMAST is dedicated to creating an inclusive environment for everyone, regardless of race, ethnicity, religion, color, national origin, age, disability (physical or mental), sexual orientation, gender identity, parental status, marital status, and political affiliation as well as gender expression, mental illness, socioeconomic status or background, neuro(a)typicality, or physical appearance. We’re united by SMAST’s values, and we celebrate our unique differences, talents, and perspectives.

Our human capital is the most valuable asset we have. The collective sum of the individual differences, life experiences, knowledge, inventiveness, innovation, self-expression, unique capabilities and talent that our employees and students invest in their work represents a significant part of not only our culture, but our reputation and the school’s achievement as well.

SMAST’s diversity initiatives are applicable—but not limited—to our practices and policies on recruitment and selection; compensation and benefits; professional development and training; promotions; transfers; social and recreational programs; layoffs; terminations; and the ongoing development of a work environment built on the premise of equal treatment of individuals that supports diversity by encouraging and enforcing:

- Respectful communication and cooperation between administrators, faculty, staff and students.
- Staff and student participation and representation along with administration and faculty in SMAST decision making.
- Work/life balance through flexible work schedules to accommodate employee and students’ varying needs.
- Recognition of administrator, faculty, staff and student contributions to the greater communities we serve to promote understanding and respect for their diversity.
- Lack of preference in the adjudication of conflicts as well as in reward and promotion.

All SMAST employees and students have a responsibility to treat others with dignity and respect at all times. All employees and students are expected to exhibit conduct that reflects inclusion during work and school and at all school-sponsored and participative events. All employees and students are expected to attend and complete annual diversity awareness training as mandated by the Commonwealth of Massachusetts. Any employee or student found to have exhibited inappropriate conduct or behavior against other employees or students may be subject to
disciplinary action following procedures according to university procedures and relevant union contracts.
